Contents

Drăgănescu C, Doina Grossu, G. Mărgineanu, Șt. Popescu Vifor	Note on the animal production and animal science in Romania	7
Elena Ghiță, Ionica Drincă, M. Paraschivescu	Preservation of pure breed sheep dam/sire in crossings from commercial stocks	11
Fl. Pricop, Lavinia Stănescu, I. Betianu, V. Teodorescu	Genetic determinism of feather color in ROSO SL-2000 hybrid broilers	17
Fl. Pricop	Genetic determinism of sex in poultry	25
Doina Grossu, Monica Pârvu, Monica Iliescu, Andreea Iofciu	Efficiency of dietary energy utilization in hens under thermal stress	31
Alexandrina Dihoru, I. Voicu, Margareta Olteanu, C. Dragomir	Ingestion and digestion aptitudes of Sudan hay-based diets by cattle and buffaloes	34
Rodica Diana Criste, Țăranu Ionelia, Anca Bercaru, Gh. Burlacu, Claudia Mihăilă, R. Burlacu	Research on phosphorus (P) availability in diets for layers raised under conditions of heat stress (32 ⁰ C), premise for decreasing the inorganic supplements	43
Veronica Hebean, I. Moldovan, D. Preoteasa, Mihaela Hăbeanu, Al. Lionide, Claudia Mihăilă	New calcium sources used in pig feeding	51
Nicolae M., C. Dragomir, Smaranda Pop, A.Călin	Influence of dietary corn silage level on young Brown cattle performance	57
Nicolae M., C. Popescu, A. Călin, C. Dragomir	Influence of compound feed amount on silage intake and weight gain in steers	63
Monica Iliescu, Doina Grossu, Andreea Iofciu, S. Diaconescu	Nutritive value of rice polishing used in growing pigs feeding	71
Margareta Olteanu, Alexandrina Dihoru, I. Voicu, C. Dragomir	Studies on the ruminal degradation in cows fed on alfalfa and barley-based diets	75

Georgeta Ciurescu, I. Moldovan, Anca Vasile	
Bioproductive effect of a protein concentrate on the performance of broiler chicks	83
Dorica Voicu, Gh. Burlacu, I. Voicu	
Investigations on the energy metabolism in growing cattle. growing buffaloes and weathers fed on different diet structures	89
Dragomir C., M. Nicolae, T. Stoica, G. Petrescu, C. Popescu	
Optimizing the structure of calf diets focusing on IDP quality	95
Smaranda Pop, M. Nicolae, C. Dragomir, G. Petrescu, A. Călin, D. Colceri	
Influence of the dietary protein level on the quality of cow milk	101
Smaranda Pop, M. Nicolae, C. Dragomir, A. Călin	
Influence of restricted/unrestricted feeding on the production performance of growing Brown cattle	107
Mihaela Hăbeanu, Veronica Hebean, I. Moldovan, Constanța Bem, Claudia Mihăilă	
Research on dietary phosphorus bioavailability in weaned piglets using exogenous enzymes	113
Monica Pârvu, Andreea Iofciu, Doina Grossu, Monica Iliescu	
Efficiency of toasted fullfat soybeans utilization in broiler feeding	121
Elena Popescu-Micloșanu, Consuela Roibu	
Research on the influence of dietary energy on the growth performance and meat quality in the Muscovy ducks. 1. Effects of high and medium levels of metabolic energy	125
Elena Popescu-Micloșanu, Consuela Roibu	
Research on the influence of dietary energy on the growth performance and meat quality in the Muscovy ducks. 1. Effects of medium and low levels of metabolic energy in mixed feed	133
Cristina Tabuc, Floarea Borcea, Carmen Badea, Daniela Marin	
Reduction of the polluting effect of droppings using a dietary microbial preparation in broiler feeding	139
Carmen Grațîela Badea	
Physical methods used to determine milk replacer structure	143
Hisham Fouad Greiss, Georgeta Diniță, Doina Brăiloiu Tănase	
Study on the addition of balanced secondary and	151

micronutrients to mulberry plantations in Egyptian
conditions
